

What is a poppy?

The challenge

Poppies are the flowers which are used during remembrance. You may have seen some people wearing a paper poppy around the time of Remembrance Day in November.

Your challenge is to look very carefully at the poppies or photographs of poppies you have collected and sort these into different groups. You may want to sort them according to colour, size of flower, height or any other criteria chosen by you.

You may want to record what you have discovered by drawing your groups of flowers or taking a photograph.
